prvinski občutki narave
primal feel of nature

Po dežju je svet najbolj čist.
Po dežju se življenje na novo rodi.
Po dežju se svet spet osvetli.

Iz čistih neomadeževanih podob na novo rojenega sveta je
vzkliła tudi naša zgodba. PURE. Jemajoč navdih iz narave smo
dotik naravnih motivov prepletli s prefinjenim okusom za linije in
obliko ter vtkali niti vrhunske tehnologije.

After the rain, the world is pure.
After the rain, life is reborn.
After the rain, the world lights up again.

Pure unsullied images of a world reborn have drawn forth our
story. PURE. Taking inspiration from nature, we interlaced the
feel of natural motifs with a sophisticated sense of contour and
shape, and wove in threads of top technology.

The special feel is expressed through unique design. It is visible yet unobtrusive. It spells sensuality, sophistication, high standards and, of course, purity.
